

# **FISCAL NOTE**

## **SB 1279 - HB 1059**

February 28, 1997

**SUMMARY OF BILL:** Allows a city manager or administrator who possesses a Masters of Arts degree in public administration to be exempt from the certification requirements of the position. Currently, such managers are required to meet certain continuing education requirements.

### **ESTIMATED FISCAL IMPACT:**

#### **Decrease Local Govt. Expenditures - Not Significant**

Assumes that some local governments would realize a decrease in expenditures to the extent that the manager possessed a Masters degree in Public Administration and to the extent that the local government would no longer pay for continuing education courses that they would have paid for in the absence of the bill.
